

Career Day May 26th 2023

The ECCAA participates at the Career Day May 26th 2023 at the Island Academy International School Buckley's, St. John, Antigua at the invitation of the School Development & College Counselling Department.

TSA WORKSHOP

The Working Group of the National Aviation Security Coordinators of the ECCAA member States sponsored a TSA Workshop that took place in Antigua from April 24 to May 5 of 2023, which had as its goal improving the execution of quality control requirements in aviation security.

In the first week of the workshop focused on Audit and Inspection Techniques and was attended by 22 participants from the six member states (Antigua, Dominica, Grenada, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines).

With this session, we have the opportunity to share our experiences and learn from each other. This is a chance for us to discuss the challenges we face in our respective countries and how we can work together to find solutions. We will be discussing the importance of transparency and accountability in our financial systems, and how we can improve our regulatory frameworks to attract foreign investment. We will also be discussing the role of the private sector in our economies, and how we can create a more favorable business environment for investors. This session is a valuable opportunity for us to learn from each other and to share our experiences. We look forward to a productive and engaging discussion.
